

Chimney Technician (AKA Chimney Mechanic)

Do you have experience with installations and repairs? Do you have mechanical and/or masonry skills? If you have worked in construction or can makeover a kitchen or bathroom with your eyes closed, you can be a Chimney Technician, or what we like to call a "Chimney Mechanic."

FCPros provides complete ongoing online virtual training along with some of the best hands-on training around. If you are looking for a career and opportunity to grow in your skill, we are looking for you. This position also offers the opportunity to become a lead technician.

Position Responsibilities:

- Lead technician experience a plus
- Inspect and sweep chimneys, fireplaces, and dryer vents
- Chimney repairs, chimney crowns, repointing/tuckpointing, and flashing
- Install chimney caps, chase covers, etc.
- Comfortable on ladders and confidently be able to work on a roof
- Ability to work overtime during the peak season
- Must be punctual and able to meet time commitments
- Ability to work under pressure and thrive in a fast-paced environment
- Excellent communication skills and a trustworthy individual
- Able to work without direct supervision and supervise others
- Sales ability
- HVAC, plumbing, or home remodeling experience a plus
- Mechanical and masonry skills needed

Additional Qualifications:

- Comfortable with heights and climbing ladders
- Comfortable in attics and crawl spaces
- Dependable transportation, valid driver's license, and a good driving record
- Social security card/be a US citizen
- Ability to pass a drug test and background check
- Be healthy and physically fit
- Have a good Mechanical aptitude
- Be a problem solver
- Be reliable and ethical
- HVAC, pest control, or construction is a plus

Company Overview:

Fireplace and Chimney Professionals started out in 1999 as a company called Custom Fires. At that time it was operated under a sole member named Ryan Reed. After many years of working with local consumers and builders we have been able to expand our skill set and staff to accommodate the local demand for quality work. Today we continue to pursue clients that want the best and we strive to exceed their expectations.
